Indiana law provides that governmental entities, including cities and their agents or employees, are not ordinarily liable for property damage, personal injury or accidental death, except in instances of gross negligence.

Accordingly, parents assume risks by permitting your child to travel and/or participate in any Parks and Recreation (Parks) activity or event. The City of Columbus, Indiana (City) acknowledges that you are not waiving your child's or your personal rights, as defined under the liability limitations (outlined in the state's tort claims law) by registering for any Parks activity or event. However, the participant acknowledges disclosure that the City/Parks reserves all rights, immunities, and qualified defenses available to it under the law in connection with the permitted activities. The participant, by registering for any Parks activity or event, further gives full permission to the City/Parks to create and use any photographs, videos or images of themselves for promotional use on the City/Parks website and to use the photographs, video or images in brochures and other materials that the City/Parks may create now or later for no remuneration.

Make a Difference with The Columbus Park Foundation!

The Columbus Park Foundation works to make Columbus Parks and Recreation's programs, parks, playgrounds, facilities, and trails available to every member of our community.

We are looking for members of our community who are passionate about making our community a more inclusive and welcoming place through parks and recreation to join the Columbus Park Foundation Board. Our Board Members are actively involved in supporting Columbus Parks and Recreation, and are expected to attend monthly board meetings, participate in at least one board committee, and make a personal financial contribution. The Columbus Park Foundation needs a variety of skills, with a strong emphasis on fundraising and community outreach.

If you have questions about the Columbus Park Foundation Board, please contact Celeste Reynolds at creynolds@columbus.in.gov or (812) 375-2759.

PARKS, PARKLAND, FACILITIES & AMENITIES

We invite you to come and spend a day making memories surrounded by the natural beauty of YOUR Columbus Parks.

Enjoy all the parks have to offer from our native wildlife, trees, flowers & plants to just having a picnic under a shady tree. The choices are yours and the benefits are endless.

Founded in 1947, the City of Columbus Parks and Recreation Department provides the highest quality park and recreation services for the citizens of Columbus. We are responsible for the maintenance and improvement of 23 parks, nearly 1,000 acres of park land and maintain over 23 miles of People Trails.

BLACKWELL POLLINATOR PARK

The Pollinator Park in Blackwell Park was developed in collaboration with the Indiana Housing and Community Development Authority, Loci Creative, Hoosier Chapter of Sierra Club, (Winding Waters Group), and countless community supporters. This park is 8 acres of pollinator friendly habitat, including egg laying and nesting sites. The park is host to many native plants, birds, bees, and butterflies. There are informational signs throughout the park to tell you some of the species you might encounter while in the park. The parks department also holds educational sessions to teach the importance of pollinators. We also hold "Weed Wrangles" to educate the public on invasive species and help manage the invasive species throughout the park.

Chase Your Curiosities! (and maybe some butterflies)

There are so many opportunities to get outside and explore this place we call home! Whether you are looking to learn, play, or just experience new spaces, being in natural environments offer plenty of mental and physical benefits. Here are some ideas to get you started:

- Count how many different types of plants you can find outside your home
- Take a stroll down the Story Walk in Blackwell Park
- Play a round of Foot Golf at Par 3
- Make an "outside time" goal for your family this summer
- Explore the People Trail on foot or by bike
- Drink your morning coffee outside
- Try out our new disc golf course
- Check out a Nature Kit from the Bartholomew County Public Library's "Library of Things", to learn more about the plants and animals you find on your adventures (mybcpl.org/lot)

- **SHARED USE PATH:** Paths physically separated from the street that provide shared space for both pedestrians and bicyclists; these paths are closed to the use of motor vehicles. Shared use paths typically range from 8'-12' wide. When using shared use paths, please stay to the right in order to allow other users to pass safely. When a shared use path is parallel to a street, be cautious near driveways and intersections.
 - **BICYCLE LANE:** Dedicated lanes for bicycle travel within the road right-of-way. Bicycle lanes are marked by a painted line and bicycle symbol. Typically on higher traffic streets. Not for pedestrian use.
 - **BUFFERED BICYCLE LANE:** Dedicated lanes for bicycle travel within the road right-of-way. Buffered bicycle lanes are separated from motor vehicle traffic by a painted buffer and are marked by a bicycle symbol. Typically on higher traffic streets. Not for pedestrian use.
 - **NEIGHBORHOOD BICYCLE ROUTE / SUGGESTED ROUTE:** Located on lower traffic streets that can be used to make connections between destinations and other bicycle facilities. Some routes are signed as a bike route (Neighborhood Bicycle Routes) while others are unsigned, suggested routes. The mapped route should be used as an alternative to high speed and high traffic streets.
 - **PEOPLE TRAIL:** The People Trail network is a subset of the overall bicycle and pedestrian network, consisting of family-friendly, low-stress recreational routes throughout the city for both bicyclists and pedestrians.
 - - - **DIFFICULT CONNECTION/DIFFICULT INTERSECTION:** Located in areas with higher speeds and/or volumes, combined with narrow lane widths or other problems for cyclists. Use with caution!

MILLER-TANGEMAN LOBBY FEATURING *CHAOS I*

Chaos I is a 7-ton, kinetic sculpture by Swiss artist Jean Tinguely (1925-1991).

The 30-foot high piece is the largest work by Tinguely in the United States. Columbus, Indiana, a city known for both its great architectural designs and its world-class manufacturing operations, is proud to be home to a sculpture that successfully marries art and engineering.

Chaos I cycles through a series of motions to simulate a day in a life, beginning slowly at first, adding movements and then winding down again. At the peak of its chaotic movements, steel balls roll and crash through a caged track, catching the attention of all ages.

CHAOTIC TUESDAYS | 12-1PM | FREE

On Chaotic Tuesdays we flip the switch and *Chaos I* roars to life. Learn some fun facts about its history and stop by the kids craft table as the sculpture clangs and whirls about.
