PEOPLE TRAIL (Multi-use Path): Typically an 8'-12" wide path separated from the street for pedestrians and bicyclists only (closed to the use of motor vehicles). When using the People Trail, please stay right in order to allow other users to pass safely.

SIDEPATH: A wide sidewalk located adjacent to the street that has been designated for use by pedestrians and bicyclists. In some cases on this map the sidepath symbol is used to identify a typical 5 foot sidewalk that makes a connection between other bicycle facilities. Ride slowly and watch for pedestrians on these routes. Be cautious near driveways and intersections.

BICYCLE LANE: Marked by a painted line and bicycle symbol in the road right-of-way separating bicycle and vehicular traffic. Typically on higher traffic street. Not for pedestrian use.

PREFERRED BICYCLE ROUTE: Located on lower traffic streets. Some routes are signed as a bike route or are marked as sharrows, while others have neither. The mapped route should be used as an alternative to high speed and high traffic streets.

DIFFICULT CONNECTION/DIFFICULT INTERSECTION: Located in areas with higher speeds and/or volumes, combined with narrow lane widths or other problems for cyclists. Use with caution!

TRAIL PARKING: Parking is available at many locations along the trail, which allows for convenient access to the People Trail network.

BIKE REPAIR STATION: The repair stations, located at Donner Center and Ivy Tech (located directly between Ivy Tech and the Columbus Learning Center), make it easy for anyone to complete basic bicycle repairs while out-and-about. The basic repair stations have a durable air pump and basic maintenance tools.

COLUMBUS BIKE CO-OP
